

Suggestions for Service Projects

Guidelines for Service

Service is based on the spiritual and corporal works of mercy and, most of all, on the example of Christ who came to serve. When giving service, the following points should be considered:

- Your service is not just a job to be done. It is selflessly and lovingly helping those in need.
- You should reflect on how your service project is helping you take on the mind and heart of Christ, fulfill the needs of others, and build up the Christian community.
- The giving of service should continue after your Confirmation and throughout all your life.
